USS Seminar @ Kiu & Orientation @ Kisubi

A leading professional body that brings together statisticians, statistics users and those engaged in related profession in Uganda.
Establishing an Effective M&E System
Seminar at Kampala International University on 21st February 2019

What is M&E?
What is a project?
Why monitoring?
Key types of monitoring?

Presented by Paddy Namurebire
M&E Manager UCDA
On 21st March 2019 the USS organized a seminar at Kampala International University. This Seminar attracted students from Kyambogo, Makerere, St. Lawrence, Uganda Martyr's University Nkozi and Kampala International University. The theme was “Establishing an Effective M&E System; Case study of UCDA” presented by Paddy Namurebire M&E Manager Uganda Coffee Development Authority.

This helped the students to know the power of measuring results:
- If you do not measure results, you can not tell success from failure
- If you can not see success, you can not reward it
- If you can not reward success, you are probably rewarding failure
- If you can not see success, you can not learn from it
- If you can not recognize failure, you can not correct it
- If you can demonstrate results, you can win public support

By the end of the presentation the participants understood what, when, where and Why M&E is very important in any project. This actually encouraged the students to do a short course in M&E.

Students were taught how they can monitor and evaluate a project. For each outcome/goal you need:

<table>
<thead>
<tr>
<th>Indicator</th>
<th>Baseline</th>
<th>Target</th>
<th>Data collection strategy</th>
<th>Data Analysis</th>
<th>Reporting Plan</th>
</tr>
</thead>
</table>
Outlines of the presentation

1. Overview of RBME
2. 10 Steps to establish RBME
3. UCDA M&E Database
4. Key Reporting Techniques
5. Why M&E
6. QA
The USS Team visited University of Kisubi last Friday on 1st March 2019 during orientation of students. The students were informed about the society and encouraged to continue with the course.

**Membership Fees**

The students were informed about Membership fee as follows:
- Student member pays shs.20,000 for the maximum of 3 years.
- Ordinary member pays shs.100,000 to join and 50,000 annually.
- Corporate member pays shs. 1,000,000 for registration and shs. 700,000 annually.
- Associate and Honorary members pay shs.100,000 to join and 50,000 annually. A member can opt to be a life member by paying a fee of shs.1,000,000 (Shillings One Million)
